Important Tips and Maintenance

SLIP RESISTANT

SETTLING IN

A small amount of fibre loss is normal. Don't pull loose fibres, just trim with scissors.

BE AWARE

Do not leave young children unsupervised.

COLOUR CARE

If using cleaning products on your rug, test them first on an inconspicuous area for colour changes.

Gentle machine wash. Tumble dry, not use detergents.

PRODUCT NOTE

Machine washable area rugs may contain temporary creases upon arrival, allow time for creases to flatten and settle. Simply walking on the rug or placing heavy objects on it will help the creases disappear within a few days. Alternatively, gently spraying water on the creases and laying the rug face down will also help.

Great job. You're done!
