# Important Tips and Maintenance

1.  
Keep children and animals away from working area as smaller parts may cause choking if swallowed.

2.  
Never place liquids or anything damp upon furniture as it will mark. Ensure a coaster or running is beneath.

3.  
To avoid fading, keep furniture out of direct sunlight.

4.  
Never use ammonia based cleaning products as it will damage the finish.

5. Use a soft or dry cloth when wiping or cleaning surfaces.

6.  
Two person are required.

7.  
Lay a soft matt down to protect the furniture piece before and during assembly.

So your relationship is strong. But is it flat-pack furniture strong? Unless you're an aerospace engineer, assembling furniture can be slightly stressful. We recommend meditating quietly, pouring yourself a herbal tea (or slightly less herbal wine) and tackling things one step at a time. If you feel a passive aggressive remark coming on, try a compliment instead. E.g. "You're so good looking."

This 13-step assembly should take around 35 minutes with an Allen key-or 16 minutes with an electric drill.
