So your relationship is strong. But is it flat-pack furniture strong? Unless you're an aerospace engineer assembling furniture can be slightly stressful. We recommend meditating quietly, pouring yourself a herbal tea(or slightly less herbal wine) and tackling things one step at a time. If you feel a passive aggressive remark coming on,try a compliment instead .E.g. "You're so good looking"

This 4-Step assembly should take around 30minutes with an Allen Key or 20 minutes with an electric drill. Godspeed.
